### Features:

1. Login/Register System
2. Admin Panel
3. Manage, Create Packages
4. Easy Bookings
5. Manage Bookings

The customer can sign in/sign up and search for the tour packages. Customers can book easily through the site. And there are other features such as customers can check their Tour history and their issued tickets, and many more. And Admin can Create, Manage Packages, Manage bookings, issues, inquiries, pages. The design is pretty simple and the user won't find it difficult to understand, use and navigate.
